

To Whom it may concern,

We are pleased to announce our third annual Behind The Mask Gala!

This event is co-hosted by Vessel Longevity & IV Bar and 505 Food Fights. It will be held on 10/07/23 at the Albuquerque Convention Center with a silent auction to include international trips, private chef dinners, a specialized private whiskey tasting and more. We'll also have guest speakers, a DJ, cocktail hour, and food for our guests. This event provides a unique, interactive culinary experience in which top chefs from all over the state prepare tapas and desserts for all the guests to sample!

Mental health resources are sparse, and our providers are bogged down with the amount of help that is being required. With the stigma around mental health slowly being lifted, people are seeking many ways to address their mental health concerns.

We are in search of local businesses to band together and raise awareness in our community. This year the beneficiary of Behind The Mask will be The Revival Health Foundation.

505 Food Fights Mission:

To build and reinforce a community of existing and aspiring culinary professionals and supporters while raising awareness and funds for local non-profit organizations through culinary competition.

Revival Health Foundation's Story:

We recognize that mental health is not a one size fits all approach. As such, we offer many different avenues for addressing and meeting the needs of our community. The Revival Health Foundation will offer resources and a scholarship program for those in search of alternative avenues for addressing their needs. We partner with providers and facilities to help clients obtain the services that they might not otherwise be able to afford. These services can serve as an adjunct therapy to what they're already doing and can help improve their mental health and overall quality of life.

We are currently looking for sponsors for this event and know that your help could be pivotal in saving and improving the lives of our community.

We look forward to working with you.

Sincerely,
Kathryn Delgado
